Approval:

As we recruit internationally, we must recognize the reasons for that recruitment, the increased expenditures associated with that recruitment, and the increased cost of serving international students, particularly in the first year.

Relative to that, the following guidelines should be followed:

- 1) International students will pay the full international tuition rate, as approved by the VSC Board of Trustees.
- 2) International students may receive a grant in order to secure their enrollment. Grants will be in annual amounts of \$500, \$1,000, or \$1,500 and will be awarded at the discretion of the President or his/her designee. Renewal of grants beyond the first year will be at the discretion of the President or designee.
- 3) A surcharge of \$1,500 will be billed to every new international student to cover additional costs of travel, special student activities, etc. That surcharge will be expended at the discretion of the Associate Dean for Student Affairs. The surcharge will not be applicable to international students who previously have been in the country to study.
